Property management

See the big picture from here

Works with LocklyOS™ Total Access* a full property management system of software, products, and services designed to allow you to view and control where, when, and by whom your property's being accessed from anywhere in the world.

Professional Installation Recommended

This product can be easily installed by advanced DIYers. It will only take a few minutes if pre-existing bore holes exist. It is recommended to contact a professional installer if drilling new holes is required.

Lockset for Swing Edition

Measure the distance from center of the door handle hole to the edge of the door to determine the backset.

Email: prosales@lockly.com to request for door drilling template according to the backset.
